PROJECTS

Hair4Life| Hair Management & Donation Platform [[PROJECT](#)]   *OCTOBER 2024*

- Developed a hair management system with a donation portal for hair and money to support cancer patients.
- Designed a user-friendly platform using HTML, CSS, and JavaScript, streamlining the donation process by reducing user steps by 30% and raising awareness for cancer support.
- Pitched the project in PitchFest by Pune University and got selected for the college-level Aavishkar competition by Pune University.

AuctionXpert | Online Auction System [[PROJECT](#)]   *FEBRUARY 2025*

- Developed a real-time auction platform where users can buy, sell, and bid on items dynamically.
- Designed an intuitive Browse Auctions and Start Bidding page to enhance user engagement.
- Integrated live bid updates using JavaScript and MySQL, ensuring a seamless bidding experience with real-time updates for 50+ simultaneous users.

EXTRACURRICULAR ACTIVITIES

- Active contributor to tech communities on LinkedIn and Twitter.
- Developed frontend projects for college friends, enhancing skills in web development and UI/UX design.
